Great Things Happen at Great Plains Lions Leadership Institute!

Have you ever thought about taking on a leadership position but didn't because of a lack of experience or knowledge? Have you thought it would be nice to broaden your leadership skills a little more before taking on any more responsibility? Have you been ask to attend leadership type seminars in the past and after doing so, walked away with less than great results?

This is a three-day training curriculum that will teach you every aspect of leadership you can imagine; starting from the minute you arrive. The institute is filled with seminars, workshops, and lectures on subjects such as time management, team building, delegation, management of change, leadership styles, public speaking, communication and listening, project management, and conflict resolution just to mention a few. The subjects are useful in every facet of leadership, not only as a Lion but also in your business and personal life. The institute will include dynamic presenters from across North America. They are well versed in the Lions organization as well as having the qualifications needed to facilitate the training for becoming a productive leader.
